

SQUARE JELLYFISH SPRING TRIPOD MOUNT USER'S MANUAL

Thank you for purchasing the new Spring Tripod Mount. This product was designed to hold a smartphone, MP3 or pocket camera that is 2 ¼" to 3 ⅝" in width with a weight up to 8 ounces.

Set up your personal tripod

- Once your tripod is on level ground and completely stable, screw on the Tripod Mount.

Attach your device

- Flip each of the two Spring Tripod Mount claws open forming 90 degree angles with the rest of the claw assembly.

• Loosen the rear knob and rotate claw assembly into vertical or horizontal camera position. For added positioning flexibility, claw assembly can slide left to right or up and down on the end of the knob if desired. Thumb-tighten rear knob.

for vertical photos

for horizontal photos

- Gently pull claws in opposite directions until your device easily slides into place. Release claws. Tension will hold your device securely in the mount.

- Once the device is mounted, it can easily be rotated between vertical and horizontal camera positions. Temporarily lightly loosen knob if necessary.

Use common sense

- Do not carry the tripod with your device installed. When you move the tripod, remove the device.
- This product is designed to hold a device steady on a tripod while taking a picture. It is not designed to be mounted to a moving object or vehicle.
- This product contains small parts that may be a choking hazard. Keep out of reach of children.
